

What is ExamBank?

ExamBank is a website where students can write online practice exams in core subject areas for all grade levels from Kindergarten to Grade 12. The practice exams made available to you at **sask.exambank.com** consist of quality questions prepared by subject specialists that pertain directly to Saskatchewan's curriculum. Countless variations of exams are possible through a randomized selection from our large question banks; either for a specified unit, or an entire course. The exams are automatically and instantly scored to provide immediate feedback including correct answers and, in most cases, detailed explanations. This enables students to see where their strengths and weaknesses lie.

The popularity of ExamBank has been growing at a phenomenal rate. Since the service was launched in 1999, usage has increased by 30% to 50% every year. Hundreds of thousands of students already use ExamBank to prepare for both classroom and provincial exams, reinforcing their knowledge of the curriculum and reducing test anxiety. To date, more than 15 million practice tests have been written with the service.

Account options:

Although most students study with ExamBank through a school account, conveniently set up either online or over the phone, many also take advantage of this user-friendly service from home, as family accounts are also available. We encourage you to share this information with parents and students, who are always looking for new ways to improve academic performance.

Access options:

Full access control is provided with your ExamBank account. Some schools encourage students to use their school ExamBank account from home for further preparation, while others prefer to limit access to school hours or school computers. As an administrator, you are also able to set the grade levels that you would like your account to access, and can monitor how your account is being used. Full details and summary statistics are provided, disclosing which exams are being written and at what times.

Package options:

To place your order, please contact us at the phone number below or do so online by clicking on the "How to get an account" link at the **sask.exambank.com** website. You may pre-purchase exams in any of the quantities specified below (PST is not included).

Standard Accounts			
Cost	No. of Exams	Typical Use	Cost/Exam
\$12.00	40	Family use	30¢

Standard accounts will never expire. Many of our clients take advantage of this by purchasing a larger package to be used over several years, reducing the cost per test. Of course, more exams can be instantly added to your account at any time if you find yourself running low. Unlimited accounts expire one year after purchase. Want to try it out? Free demo accounts are available, just give us a call!

We are pleased to support and enhance the learning process and provide a quality service for your students and staff. If you have any questions, please feel free to contact us.

Thank you for your support of ExamBank.
